BACKPACK WALL

2ND ANNUAL BALLARD FOUNDATION GALA

FOURTH GRADE

SCHOLASTIC NEWS - \$792

Nonfiction text for our students to practice their comprehension skills and vocabulary practice. We currently do not have any resources that involve current events. We would like our students to practice their comprehension skills while learning about the world around them.

FIFTH GRADE

**TIME FOR KIDS - \$4.43 PER SUBSCRIPTION X 150
(6 CLASSROOMS OF 25 STUDENTS) - \$665**

Each student would have both a print and digital subscription to Time for Kids Magazine. Time for Kids Magazine is an excellent non-fiction resource for teaching current events and close reading strategies. The articles are high-interest and exciting for kids to read and discuss. WEST SPECIAL EDUCATION

MS SCIENCE

ELECTRONIC BALANCES - \$600

Novels for the social studies classroom to assist with content. Specifically for Ancient China, Geography, and Civics. We have been focusing on literacy in the content area. We are requesting a set of books for each grade (6-8) to assist us in this effort.

HIGH SCHOOL ENGLISH

MY PERSPECTIVE LITERARY, TEACHER'S EDITION: LITERARY ANTHOLOGIES (3) - \$450

Three - My Perspective teachers' editions literary anthologies for 9th, 10th, and 11th grades. These anthologies will allow us to use high-quality, complex texts to supplement the novels we teach in our classes. The anthologies include engaging materials and lesson activities that are situated in inquiry units. They will be a particular help as we sculpt our new advanced classes. The Iowa Core and our twenty-first century global society demand highly literate students. In addition, one of our main district goals is to empower our students to be better readers. These anthologies will help us to do that.

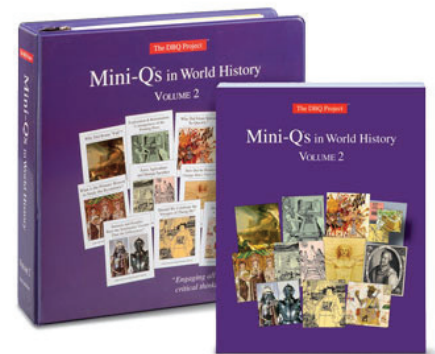

HIGH SCHOOL SOCIAL STUDIES

DBQ PROJECT MINI Q'S GEOGRAPHY, TEACHER BINDER - \$325

DBQ PROJECT MINI Q'S IN CIVICS - \$325

This is a curriculum which includes a series of text sets which are centered on eleven compelling or engaging questions and which ask students to analyze the documents and synthesize the information in order to answer those questions. The text sets include primary and secondary sources (both text and visual). The students are asked to write evidence based arguments which aligns with the C3 Framework in Social Studies and the Iowa Core literacy standards. To increase literacy instruction (both reading and writing) in the Global Issues curriculum; this resource aligns with that Global Issues curriculum and provides resources that are not readily available for use.

ART K-12

\$750 PER SCHOOL FOR RESOURCES TO SERVE AS TEACHING TOOLS, INSPIRATIONS AND EXAMPLES; VISUALS (\$150); ART BOOKS (\$100); DVD'S (\$150) AND WACOM CREATIVE PEN AND TOUCH TABLETS (\$350) - \$3,000

The materials we order are essentially disposable in that they need to be reordered year to year due to student usage. Ordering resources, like the ones we are requesting, is rare. Yet having visuals, books and DVDs to help illustrate concepts are tools that increase comprehension and student success.

Our students are becoming interested in using tablets to create digital art. Many of them ask why we don't have any at schools for students to use as drawing tools. Those that are lucky enough to have them at home have a real advantage.

MUSIC K-12

TIMPANI - 3 INSTRUMENTS, FOR THE MS AND HS BAND DEPARTMENT. - \$3,500

The current timpani is 35 years old and are in need of replacement.
